

# Temperature Rising

Tory Lanez

Yeah, yeah  
Wow, wow, ayy Temperature's risin'  
And I'm finna size it back again into you  
Givin' you somethin'  
Won't lie it's somethin' I wanna do to you  
We got all night, girl, we can take it slowly  
Look back at it and shake it for me  
'Cause only I can make you feel the way you feel  
Time to make you feel it for real  
(Temperature risin') Temperature risin'  
(Makin' love slow) We're makin' it slowly  
(Your body's callin') It's callin' me, yeah  
(Lovin' on me slow) Slow  
(Got my attention) You got my attention  
(Undivided) And it's undivided (I wanna love ya)  
This time, this time, I wanna love ya  
Tonight it's a love makin' affair Temperature's risin'  
And I'm still fantasizin' 'bout what I wanna do to you  
My body pressed against your body, baby (Yeah)  
I'm hittin' places that nobody can (Yeah)  
Lickin' your body  
Lovin' as the sweat drip down, yeah  
I'm tellin' you to lock the door  
If we ain't sexin', what we in here for?  
(Temperature risin') Ooh, I know you know it's risin'  
(Makin' love slow) We're makin' it slowly  
(Your body's callin') Woah, woah, woah, woah  
(Lovin' on me slow) Yeah, yeah  
(Got my attention) And you got my attention  
(Undivided) It's undivided  
(I wanna love ya) Yeah  
Tonight it's a love makin' affair (Lovin', lovin' makin' affair)
